

Sasai Pay

Sasai Wallet

Sasai Wallet gives you a seamless social experience. It allows you to do more than just pay, you can easily link all your bank cards, chat and pay for anything and everything anywhere all over the world, all on the Sasai app.

Sasai Remit

Sasai Global Remittances is now integrated on the Sasai Explore Section of the Sasai App. You can now send money home to your loved ones across Africa on Sasai at reduced rates.

Payments

Your Sasai wallet helps you pay for bills such as electricity and water, as well as buy airtime bundles, fuel and groceries. No more bill splitting issues. Sasai helps with splitting restaurant bills between you and your friends and can also track how much each person should chip in for the tip by allowing you to track your total while you relax.

Our Partners

Sasai has partnered with leading Local and Global Banks and online payment providers. African users will soon be able to have access to world leading products in the processing of a range of mobile and online financial services.

Some of our key partners includes

- EcoCash
- Visa

QR Code Scanner

Sasai enables you to pay your bills quickly and securely by using the QR scan in-store. Thousands of online retailers and stores support secure payment with this service.

Scan to pay

Download the Sasai App

Visit the Apple App Store or Google Play Store and download the Sasai application for free.

Register/Login

Register and verify your mobile number and explore a host of great features on Sasai. If you've registered just tap on "Pay" in the bottom navigation menu bar.

Link bank cards

Link all your local and international bank cards once to your Sasai E-Wallet to set up this premium payment experience.

Create a pin, scan & pay

For added security, you will be asked to create a pin to ensure payments made using the Sasai Scan feature are authenticated.

How Scan to pay work

1. Scan a Sasai QR code
2. Enter the amount you want to pay
3. Pay with your Sasai E-Wallet with cards linked
4. Enter pin and pay

Wallet linked Overdrafts & Microloans driven by AI

Imagine you have taken goods in a supermarket and your wallet has insufficient funds, Sasai provides an emergency and unsecured overdraft and micro-loans to cater for your personal needs using artificial intelligence, therefore, the more you are active on Sasai, the more credit you will access.
