

Sasai Team talk

1. Connect up to 20 people

Team Talk makes video conferencing on mobile possible. Connect up to 20 colleagues, friends or family members and discuss and share moments on the go or in the comfort of your home.

2. Make voice and video calls

Team talk gives you access to voice and video call functionality and a wonderful host of video conferencing features to help facilitate meaningful conversations amongst you and your colleagues and personal circles.

3. Safe & secure for business

Get the most out of your workforce from possible one of the biggest mobile boardrooms available. With Team Talk it is business as usual, we have made it convenient enough for businesses to make voice and video calls and chat with colleagues when necessary.
