

Sasai Chat

The Sasai platform offers a robust chat offering, comprising standard chat functionality, as well as file transfers (including audio, video and image files). The chat function also has group chat capabilities with an unlimited number of users.

Text - Simple, Reliable Messaging

Sasai text is a reliable and easy to use app for sending and receiving messages with your family and friends, anytime – anywhere.

Sasai Voice and Video calls

With a simple tap of your phone screen, you can make voice and video calls to your family and friends that are also registered on Sasai – for those times when you feel like a simple text is just not enough.

Group Chat and Video Calls- Groups to keep in touch

Get your message out to loads of people quicker with Sasai's group chat. It allows you to share messages, photos, and videos to an unlimited number of people at the same time. You can also name your group, mute or customise notifications and much more.

Voice Notes - Speak Freely

Say it all in your own voice. With just one tap you can record a voice message. Perfect for when you can't type and you need to express yourself.

Photos and Videos - Share Moments that Matter

A picture is worth a thousand words. Attach and send your best pics and vids via the Chat mode or post them on the moments section on your explore page. Let your friends see you living your best life!
